Bank of America Advantage Savings has the following balance tiers: Less than \$2,500; \$2,500 - \$9,999; \$10,000 - \$24,999; \$25,000 - \$49,999; \$50,000 - \$99,999; \$100,000 - \$249,999; \$250,000 - \$499,999; \$500,000 - \$999,999; and \$1,000,000+. We may set the rate for each tier in any amount. At times, the interest rate for a particular tier may be equal to the rate for a higher and/or lower tier. When this occurs, the interest rates and APYs listed in the chart above may include multiple balance tiers shown as a single tier. We may change the balance tiers that apply to this account at any time without notice. Your balance earns the interest rate in effect each day for the balance tier associated with your end-of-day balance.

The Interest Rate Booster ("Booster") is included in the "Rate %" and "APY %" shown above for the Preferred Rewards Tiers. The Booster is a variable percentage and can change at any time. Rates will be rounded up to two significant digits (i.e., one hundredth of a percent or 0.01%).

The Booster increases the Bank of America Advantage Savings Standard Rate by **at least** the Booster values shown below, and **may be higher**.

- 5% for the Gold tier, 10% for the Platinum tier, and 20% for the Platinum Honors tier.

An example of how the Booster works with hypothetical interest rates: If the Standard Rate is 1.00% then the Platinum rate would be the Standard Rate plus at least 10% or 1.10% (i.e., 1.00% plus 10% X 1.00% or 0.10%). See above for actual rates.

**Important Bank of America Advantage Savings/Minor Savings information continued on next page**

To be eligible for the Booster, customers must be enrolled in the Preferred Rewards program and have eligible combined balances that qualify them for a Preferred Rewards program tier of Gold (\$20,000 to \$49,999), Platinum (\$50,000 to \$99,999) or Platinum Honors (\$100,000 or more). Refer to the Personal Schedule of Fees for additional details. If you no longer meet the eligibility requirement, the Booster may be discontinued. When there are multiple owners, interest is based on the Preferred Rewards Tier that will produce the higher interest rate.

The Booster will be applied to eligible accounts within 4 business days of enrolling in the Preferred Rewards or Preferred Rewards for Wealth Management program; or opening or converting to the Bank of America Advantage Savings account.

\*Excludes custodial ownership such as UTMA/UGMA.

Business Advantage Savings has the following balance tiers: Less than \$10,000; \$10,000 - \$24,999; \$25,000 - \$49,999; \$50,000 - \$99,999; \$100,000 - \$249,999; \$250,000 - \$499,999; \$500,000 - \$2,499,999; \$2,500,000 and over. We may set the rate for each tier in any amount. At times, the interest rate for a particular tier may be equal to the rate for a higher and/or lower tier. When this occurs, the interest rates and APYs listed in the chart above may include multiple balance tiers shown as a single tier. We may change the balance tiers that apply to this account at any time without notice. Your balance earns the interest rate in effect each day for the balance tier associated with your end-of-day balance.

The Interest Rate Booster ("Booster") is included in the "Rate %" and "APY %" shown above for the Preferred Rewards for Business Tiers. The Booster is a variable percentage and can change at any time. Rates will be rounded up to two significant digits (i.e., one hundredth of a percent or 0.01%).

The Booster increases the Business Advantage Savings Standard Rate by **at least** the Booster values shown below, and **may be higher**.

- 5% for the Gold tier, 10% for the Platinum tier, and 20% for the Platinum Honors tier.

An example of how the Booster works with hypothetical interest rates: If the Standard Rate is 1.00% then the Platinum rate would be the Standard Rate plus at least 10% or 1.10% (i.e., 1.00% plus 10% X 1.00% or 0.10%). See above for actual rates.

To be eligible for the Booster, customers must be enrolled in the Preferred Rewards for Business program and have eligible combined balances that qualify them for a Preferred Rewards for Business program tier of Gold (\$20,000 to \$49,999), Platinum (\$50,000 to \$99,999) or Platinum Honors (\$100,000 or more). Refer to the Business Schedule of Fees for additional details. If you no longer meet the eligibility requirement, the Booster may be discontinued. When the account is jointly owned by multiple businesses who are enrolled in Preferred Rewards for Business, interest is based on the Rewards Tier that will produce the higher interest rate.

The Booster will be applied to eligible accounts within 4 business days of enrolling in the Preferred Rewards for Business program; or opening or converting to the Business Advantage Savings account after enrollment into the program.

Your balance earns the interest rate in effect each day for the balance tier associated with your end-of-day balance.

\* States, cities, counties and other public agencies are not eligible for this type of account and should contact their banking representative to discuss alternatives.

† The interest rates and Annual Percentage Yields (APYs) listed in this deposit rate sheet are effective on the date shown above and apply to accounts located in **California - Greater Los Angeles**. Checking and savings accounts are variable rate accounts. We may at our discretion change each interest rate and APY on variable rate accounts at any time without notice. IRA/CESA Variable Rate CDs are also variable rate accounts. Other CD accounts earn interest at a fixed rate. With a fixed rate account, the applicable rate is paid until the CD matures. Fees could reduce earnings on an account. A penalty is imposed for early withdrawal from a CD.

We may change the information in this deposit rate sheet at any time without notice. As examples, we may add, delete or change APYs, tiers and CD terms. Please review the deposit agreement and schedule of fees for additional provisions and conditions that apply to these accounts.

Interest rate means an annual rate of interest paid on an account which does not reflect compounding. The APY is a percentage rate reflecting the total amount of interest paid on the account, based on the interest rate and frequency of compounding.

For additional terms and conditions that apply to your account (such as - fees, minimum opening balance requirements, how interest is calculated, and early withdrawal penalties on CDs), please see our deposit agreement and schedule of fees for your account. IRA/CESA CDs are only available to consumers.

**California - Greater Los Angeles** is defined as Los Angeles, Orange, Riverside, and San Bernardino counties in California.
